

Psycho Circus

Kiss

Yeeeeaaaaah.....

1. Hello

Here I am, here we are, we are one
I've been waiting for this night to come
Get up!
Now it's time for me to take my place
The makeup runnin' down my face
We're exiles from the human race

R: You're in the psy...

You're in the psycho circus
You're in the psy...
You're in the psycho circus
And I say "Welcome to the show"

2. I've been waitin' here to be your guide

So come
Reveal the secrets that you keep inside
Step up
No one leaves until the night is done
The amplifiers start to hum
The carnival has just begun

R: You're in the psy...

Welcome to the show
Welcome to the show
The show

3. I, I've been waiting here to be your guide

So come
Reveal the secrets that you keep inside
Step up
No one leaves until the night is done
The amplifiers start to hum
The carnival has just begun

You're in the psy
You're in the psycho circus
You're in the psy
You're in the psycho circus
You're in the psy
You're in the psycho circus
You're in the psy
You're in the psycho circus
And I say "Welcome to the show"
Welcome to the show
Welcome to the show
And I say "Welcome to the show"
