

Sweet Pain

Kiss

Ahh

My leathers fit tight around me
My whip is always beside me
You want the same thing every day
I'll teach you love a different way

You'll learn to love me and my sweet pain
My love will drive you insane
Sweet pain, my love will drive you insane

And pain has got its reason
And if you don't stop your teasin', baby
I'm gonna show you now
You'll get your lovin' anyhow, anyhow

And you'll get to love me and my sweet pain
My love will drive you insane
Ahh, sweet pain, my love will drive you insane

Ahh, you get to love me any way I say
Ahh, you get to love me and my sweet pain

Oh

Pain has got it's reason
You find it pleasin', yes you do, yes you do
And I'm gonna show you now
You'll get to love it anyhow, anyhow and

You'll get to love me and my sweet pain
My love will drive you insane

Ahh, sweet pain, my love will drive you insane
Sweet pain my love will drive you insane
Sweet pain my love will drive you insane
Ahh, sweet pain (sweet pain) my love will drive you insane
Sweet pain (sweet pain) my love will drive you insane
