

# Wall Of Sound

Kiss

The blood's getting hot  
No matter what you've got  
You can't stop the roll of the thunder (yeah)  
You wanna take a shot  
So give me all you've got  
Can't break the spell that I'm under (no)

And the battle never ends  
And the soldiers never die  
And you don't back down  
And you don't pretend when you look them in the eye

And it all comes down  
To the wall of sound  
Yeah, and it all comes down

When it all goes wrong  
You've got to be strong  
The rest of the world's going to shatter  
It doesn't matter

Let the floods go raging by  
Let the sinners wash away  
To the dark of man there's a ray of light  
There begins another day

And it all comes down  
To the wall of sound (ooh)

Yeah!

And the battle never ends  
And the soldiers never die  
And you don't back down  
And you pretend when you look them in the eye

Yeah!

And we all bow down  
To the wall of sound  
Yeah, we all bow down  
To the wall of sound  
Bow down  
Yeah, bow down  
Bow down
