

## Watchin' You

Kiss

Limpin' as you do and I'm watchin' you  
And you don't really know a-just what to do

You don't really know  
You don't really know  
What to do

And I'm standin' here not quite aware  
And I'm tryin' baby, tryin' not to stare

Ooh, 'cause everybody else is here  
Yes, everybody else is here  
Everybody else is here  
Watchin' you

Ooh, 'cause everybody else is here  
Yes, everybody else is here  
Everybody else is here  
Watchin' us
