Watchin' You

Limpin' as you do and I'm watchin' you And you don't really know a-just what to do

You don't really know You don't really know What to do

And I'm standin' here not quite aware And I'm tryin' baby, tryin' not to stare

Ooh, 'cause everybody else is here Yes, everybody else is here Everybody else is here Watchin' you

Ooh, 'cause everybody else is here Yes, everybody else is here Everybody else is here Watchin' us
