

(You Make Me) Rock Hard

Kiss

Aww, turn it up

Hot lover, turn up the heat
I want your sugar, girl your love tastes so sweet
I feel a fire burnin' under me
I've got a hunger that your love's gotta feed

You make me sweat, you turn me 'round
You get me up, you never let me down

You make me rock hard, baby all night
Love's like a glove and it fits just right
You make me rock hard, so baby hold tight
Come on baby, let's rock hard, baby all night

I'm under a physical spell
I'm a prisoner and your love is my cell
Once I get started I can't stop
I can't cool down 'cause this love is so hot

You make me sweat, you turn me 'round
You get me up, you never let me down

You make me rock hard, baby all night
Love's like a glove and it fits just right
You make me rock hard, so baby hold tight
Come on baby, let's rock hard, baby all night

You make me sweat, you turn me 'round
You get me up, you never let me down

You make me rock hard, baby all night
Love's like a glove and it fits just right
You make me rock hard, so baby hold tight
Come on baby, let's rock hard, baby let's

Rock hard, baby all night
Love's like a glove and it fits just right
You make me rock hard, so baby hold tight
Come on baby, let's rock hard, baby all night

All night
All night
Yeah
All night, hey

You make me rock hard, baby all night
Love's like a glove and it fits just right
You make me rock hard, so baby hold tight
Come on baby, let's rock hard, baby let's

Rock hard, baby all night
