

## Opinions Won't Keep You Warm At Night

Kisschasy

Wait while jealousy tears you apart  
I'm sorry but I cannot help the way you are  
That we do the things you can't

Just wait  
can't you see you're being weak?  
It's shallow and dark you know every time you speak  
You're just lying through your teeth

Sometimes, days are like this and you don't agree with what you  
see  
But I will never let the bitter things you say ever get to me

Sometimes, days are like this and you don't agree with what you  
see  
But I will never let the bitter things you say ever get to me

We are everything you wish you weren't  
But, I'm feeling kinda concerned  
we're probably friends  
But you hide from consequence

Yeah you must have a lot of spare time  
To put down the words that you write  
But no one cares  
You should put your mind to rest

Sometimes, days are like this and you don't agree with what you  
see  
But I will never let the bitter things you say ever get to me

Sometimes, days are like this and you don't agree with what you  
see  
But I will never let the bitter things you say ever get to me

Get to me...  
Get to me...

Sometimes, days are like this and you don't agree with what you  
see  
But I will never let the bitter things you say ever get to me

Sometimes, days are like this and you don't agree with what you  
see  
But I will never let the bitter things you say ever get to me
