

Real And Untouched

Kisschasy

You are the light waiting in the dark
You're real and untouched
You're the attack waiting for a hear
Like mine to open up
You saved the day, threw it like a dove
I tried to stay up
And I can't believe who lies next to me
I can't keep my eyes shut
And where did you go dear?
I am alone in here
I'm running but I'm stuck
I'm bleeding from the waist up
Where did you go dear?
I am alone in here
I'm running but I'm stuck
I've fallen and I can't get up
Can't get up
You are a fire burning in the sea
I swim in your heat
We are a choir singing hymns to keep
The widows' minds at ease
And where did you go dear?
I am alone in here
I'm running but I'm stuck
I'm bleeding from the waist up
Where did you go dear?
I am alone in here
I'm running but I'm stuck
I've fallen and I can't get up
Take me there
Take me where you are
Take me there
Take me where you are
Where you are
We are a choir singing hymns to keep
The widows' minds at ease
And where did you go dear?
I am alone in here
I'm running but I'm stuck
I'm bleeding from the waist up
Where did you go dear?
I am alone in here
I'm running but I'm stuck
I've fallen and I can't get up
Take me there
Take me where you are
Take me there
Take me where you are
