

# Hysteria

Kissin' Dynamite

Call me Mr Sin  
Hell ends where I begin  
God hangs between my legs

You all scream for more  
You pussy's in a roar  
Hey I'll drive you insane

You know my reputation  
Feel your dedication  
Comeon, sing in a choir

Hysteria, hysteria  
you'll praise my godhead wherever you are  
Hysteria, hysteria  
And I'll fullfill simply all your desire

Serve my golden key  
With your gates of destiny  
Oh let God rise up high

G-spot rock n roll  
I control your libido  
I'm the climax of all
