

Love Me Hate Me

Kissin' Dynamite

I'm on my way
Thunderstruck I ride
Here and today
So better step aside
Change me, derange me
There's no point in that
I'm 'bout to stay
Nothing left to add

(Ref)
Love me hate me
Even try to break me
I'm standing tight, just like a rock

Love me hate me

Even try to break me
I (don't) give a damn
It's dog eat dog

Earthquaking speed
Always aiming high
Ready to bleed
I want to touch the sky
Ban me, scan me
Shout it out aloud
A fat lot I care
Fucker, check it out

(Ref)
Love me hate me
Even try to break me
I'm standing tight, just like a rock

Love me hate me

Even try to break me
I (don't) give a damn
It's dog eat dog
