

# Welcome to the Jungle

Kissin' Dynamite

You can't choose - what you want  
In a maze - where someone  
Else has made the rules

Like a beast - In a cage  
You freak out  
In sheer rage - Life's like in a zoo

Tell me why can't you see? This is your destiny

Welcome, welcome - welcome to the jungle  
Welcome - welcome to the jungle  
Welcome, welcome - welcome to the jungle  
Welcome - welcome to the jungle

Hide your head - Leave no trace  
Or you will - be a blaze  
In this masquerade

Dog eat dog - there's no mercy  
So watch out - some are free  
Otherwise you're prey

Tell me why can't you see? This is your destiny

Welcome, welcome - welcome to the jungle  
Welcome - welcome to the jungle  
Welcome, welcome - welcome to the jungle  
Welcome - welcome to the jungle

Tell me why can't you see? This is your destiny

Welcome, welcome - welcome to the jungle  
Welcome - welcome to the jungle  
Welcome, welcome - welcome to the jungle  
Welcome - welcome to the jungle
