4 Men

Kitchens Of Distinction

Stars are falling down
Onto this broken-hearted hungry clown
Because he can't get his fill.

Never thought that he would ever Want this much from a man, But love is the steepest sharpest slide.

Oh here he'd lie at your side Looking up into the sky Wondering if this is allowed

But fear rules him easily It takes lust and strength To turn to you and say

"I want you and I need you" But I haven't got the fattest chance in hell.

Sun has finally upped and gone Being bored of everyone. I slip of my shirt and shoes.

Time to hate myself again
My small voice and freckled skin
Till the safety of the dark.

Oh here I'd lie between your thighs Looking up into your eyes Wondering if this is allowed

But fear rules me easily It takes lust and strength To turn to you and say

"I want you and I need you"
But I haven't got the fattest chance in hell.

So why does the world laugh $\mbox{\sc And}$ take us on these rides $\mbox{\sc My}$ dear.

I'll shut my epileptic eyes and Daydream of busy nights My dear.

Because I want you and I'll have you, I'll crush my arms around Until I melt inside of you.

Oh god I want you and I need you, I'll be your son your slave and keeper.

There were four men in this room
Why did you have to go and pick on me?
