

Rain so hard, had to get know  
Cannot have, 7 cold  
Bitching bout the ... and the king  
Let s get wasted, and run  
Get in the cove, it s so ...  
I like it when you tuck your jeans in  
Fight the future, fight the ...  
I m a vision of what you should be  
I waste my life, drink until we die  
Now I m ...now I can t see you  
Blaming you, blaming me

Make a choice will see you through  
My problem, my world is blue  
I waste my life, drink until we die  
Now I m ...now I can t see you x 2  
All so gone, I can see  
Left ...just you and me  
Joke s on you, take the punch around  
Fight the future, it s you and me  
I waste my life, drink until we die  
Now I m ...now I can t see you.
