Rain so hard, had to get know
Cannot have, 7 cold
Bitching bout the ... and the king
Let s get wasted, and run
Get in the cove, it s so ...
I like it when you tuck your jeans in
Fight the future, fight the ...
I m a vision of what you should be
I waste my life, drink until we die
Now I m ...now I can t see you
Blaming you, blaming me

Make a choice will see you through
My problem, my world is blue
I waste my life, drink until we die
Now I m ...now I can t see you x 2
All so gone, I can see
Left ...just you and me
Joke s on you, take the punch around
Fight the future, it s you and me
I waste my life, drink until we die
Now I m ...now I can t see you.
