

## Sugar

Kitten

I try to kill you in my dreams  
Last night, but now you re calling me  
Taste the sugar in the dark  
Love dies, I call you when my money s right  
I know, you remember dear  
And feel the love and kiss my  
Taste the sugar in my dark  
Those left hand scars  
Taste the sugar in the dark  
Whoa, woho, whoa, woho  
Whoa, woho, whoa, woho  
Whoa, who-ah, ah  
Taste the sugar in my dark

Taste the sugar in the dark  
Please stop, retreat to heaven in the dark  
Please try, to see the ... hard  
Nothing, nothing keep us apart,  
Together, together, torn apart  
Taste the sugar in the dark  
Those left hand scars  
Taste the sugar in the dark  
Whoa, woho, whoa, woho  
Whoa, woho, whoa, woho  
Whoa, who-ah, ah  
Taste the sugar in my dark  
Those left hand scars  
Taste the sugar in the dark.
