

Sugar

Kitten

I try to kill you in my dreams
Last night, but now you re calling me
Taste the sugar in the dark
Love dies, I call you when my money s right
I know, you remember dear
And feel the love and kiss my
Taste the sugar in my dark
Those left hand scars
Taste the sugar in the dark
Whoa, whoho, whoa, whoho
Whoa, whoho, whoa, whoho
Whoa, who-ah, ah
Taste the sugar in my dark

Taste the sugar in the dark
Please stop, retreat to heaven in the dark
Please try, to see the ... hard
Nothing, nothing keep us apart,
Together, together, torn apart
Taste the sugar in the dark
Those left hand scars
Taste the sugar in the dark
Whoa, whoho, whoa, whoho
Whoa, whoho, whoa, whoho
Whoa, who-ah, ah
Taste the sugar in my dark
Those left hand scars
Taste the sugar in the dark.
