

# Daughters Down

Kittie

I feel helpless, stare in disbelief  
How can you still sleep at night?

Hold her with just one look,  
Just one foot she's innocent  
Put your hands around my neck  
Stripping me of all my dignity

Wendetta black against her  
Your bloody mouth against her

Raped of everything she owned  
It's so lonely at the bottom  
Putting pieces of a pizzle  
Back together we've forgotten

Throw your daughters down  
Hold your daughters down

Seeing beauty turn to waste  
Let your ego be the death of me  
Hand held tight behind my back  
Stealing all that's precious to me

Wouldd you do this to your own?  
Breaking, lying to my face  
I can see you're still the same  
Kill before and kill again

I WILL FIGHT UNTIL THE DEATH
