

## In Dreams

Kittie

Everytime I speak  
Wipe away all these tears  
Living every day in fear  
Finding nothing but empty

Wide awake and dreaming  
Is this what it seems?  
Close my eyes forever  
I'll wake up

Desperation strips me  
These last days have not been free  
Stealing every breath from me  
Whispering defeat

And I see it in your eyes  
Long gone  
And i feel it in your heart  
Long gone  
And I see it in your eyes  
Long gone, long gone
