

Baby's Coming Home

Kitty Wells

Tonight baby's coming home
Clean the house and dust the chandelier make my face and then c
omb out my hair
And then I'll put this baby's dress on tonight baby's coming ho
me
For a while I thought our love was gone but both of us now know
that we were wrong
No longer will my nights be spent alone tonight baby's coming h
ome
For a while I thought our love was gone...
Tonight baby's coming home
