

# Did You Let Your Light Shine

Kitty Wells

When you told that man about Jesus and his precious love  
Did you let your light shine did you let your light shine  
Oh was it just a matter of a bunch of empty words  
Did you let your light shine did you let your light shine  
Well don't you try to give it away if you don't have it yourself

Cause if your spirit is poverty stricken you can't give away such wealth

You must see clearly for you know the blind can't lead the blind

Did you let your light shine did you let your light shine

Well action always speaks much louder than your words would sound

Did you let your light shine did you let your light shine  
For did you act out all you preached to beg it really count  
Did you let your light shine did you let your light shine  
Well don't you try

Did you let your light shine did you let your light shine  
This little light of mine I'm a gonna let it shine  
This little light of mine I'm a gonna let it shine  
This little light of mine I'm a gonna let it shine  
Did you let your light shine did you let your light shine  
Did you let your light shine did you let your light shine
