

Everybody Loves Somebody

Kitty Wells

Everybody loves somebody sometime everybody falls in love somehow
Something in your kiss just told me my sometime is now
Everybody finds somebody someplace there's no telling where love may appear
Something in my heart keeps saying my someplace is here
If I had it in my power I'd arrange for every boy to have your charms
Then every minute every hour every girl would find what I found in your arms
Everybody loves somebody sometime and although my dreams were all of you
Your love made it well worth waiting for someone like you
If I had it in my power...
