

I Apologize

Kitty Wells

I apologize for the mis'ry that I've put you through
You were happy when I found you I was blue
You believed me and you were right I really fell for you
I apologize for the hurt that I've caused you
I apologize but my words don't say enough you don't believe me
but darling please try
If I must lose you I'll let you go but never give you up
I apologize but I'm hurt too much to cry

I apologize but my words...
