

# I'm Down To My Last I Love You

Kitty Wells

Tonight I'll go and find him one more time and I'll try my best  
to change his mind  
I'll tell him that I love him like I've done so much before  
And he'd better listen well cause I won't say it anymore  
Cause I'm down to my last I love you he'll have one more chance  
to make me blue  
I'd give the world to keep him I've done all a girl can do

But I'm down to my last I love you  
Tonight I know I'll find him way downtown with those same old p  
arty friends around  
One last time I'll tell him he means the world to me  
He'll have one last chance to hurt me and then I'll set him fre  
e  
Cause I'm down to my last  
Yes I'm down to my last I love you
