

I'm Too Lonely To Smile

Kitty Wells

All my life I had nothing but trouble I can't find no way to ease my aching heart
And I feel as though that I'm forgotten I'm so lonesome since we've been apart
I'm too lonely to smile dear without you my life is over
I can't keep the tears from falling I'm too lonely to smile any more

You are gone but I'll never forget you you're the only one that ever made me care
When I live this hurt I pray I'll meet you for I can't live this life without you here
I'm too lonely to smile dear...
