

# Jealousy

Kitty Wells

Jealousy is there, no cure  
Your distrust hurts me, darling, that's for sure  
Have faith in my love or set me free  
You are driving me crazy with jealousy

Jealousy, you must control  
Your suspicious heart controls your life and soul  
Don't you realize the shame it's causing me  
Making me feel like a fool by jealousy

Jealous of the air, I breathe, don't be a fool  
Your love I've never deceived  
If you are in love, oh, can't you see  
That you're wrecking my life with jealousy

Jealousy is there, no cure  
Your distrust hurts me, darling, that's for sure  
Have faith in my love or set me free  
You are driving me crazy with jealousy
