

# My Hang-Up Is You

Kitty Wells

Everybody's got one baby my hang up is you  
Everybody's got one the hang up of some kind  
Call it habit or call it weakness thank goodness I've got mine  
The wanting the craving the needing keeps my world from crawlin'  
' through  
Everybody's got one baby my hang up is you

I'm hung up all the thrill I feel when I hold you in my arms  
I'm hung up because I need your love to wrap around and keep me  
warm  
Your my little peace of heaven you're all I've got to hang on to  
O  
Everybody's got one baby my hang up is you  
Everybody's got one baby my hang up is you
