

Reno Airport Nashville Plane

Kitty Wells

Sittin' in the Reno airport waitin' for the 3-0-2
All the hungry men they watch me don't know I'm coming home to
you
They think I'm just a Reno woman another week I would have been
But I'm sittin' in the Reno airport waitin' for the Nashville p
lane
Today I'm laughing feeling happy yesterday I thought I'd die
Didn't really want to come here didn't want to say goodbye
Can't wait to feel your arms surround me can't wait to kiss you
r lips again
Sittin' in the Reno airport waitin' for the Nashville plane
Didn't know how much I'd miss you until I heard you on the phon
e
I'm glad you have the luck to call me and tell me I could come
back home
I guess the people think I'm crazy laughing out loud this way
