

Right Or Wrong

Kitty Wells

Right or wrong I dreamed about you all through the night
I was in love with you the moment that you came into sight
I hesitate to tell that I held you in my arms oh so long
But in my mind I made you mine right or wrong
Right or wrong oh my darling will this dream of mine come true
Right or wrong what is your answer for you know I am too blue
Why do you wait and hesitate I've waited for you oh so long
Hear my request and answer yes right or wrong

Right or wrong I dreamed that you and I were truly wed
The organ played the choir sang I know just what that preacher
said
I kissed your lips and in return I felt you hold me oh so long
Your life begun for we were one right or wrong
Right or wrong oh my darling
