

Winter In June

Kiuas

Fall on me black snow
(fall on me black snow)
Freeze my lonely soul
(freeze my lonely soul)

Thrown off the edge by a cold hard winter breeze
I break inside as the black snow falls on me

You betrayed me, you scarred me, you broke me,
brought darkness and frost to embrace me
The sun burns my skin but the cold inside opens my
wounds
Thanks to you now's my winter in June

All gods hear my cry
(all gods hear my cry)
Grant me wings to fly
(grant me wings)

'Cause I'm
Thrown off the edge by a cold hard winter breeze
I break inside as the black snow falls on me

You betrayed me, you scarred me, you broke me,
brought darkness and frost to embrace me
The sun burns my skin but the cold inside opens my
wounds
Thanks to you now's my winter in June

Thrown off the edge by a cold hard winter breeze,
aaajee!
I break inside as the black snow falls on me, yeah!

You betrayed me, you scarred me, you broke me,
brought darkness and frost to embrace me YEAH!
The sun burns my skin but the cold inside opens my
wounds
Thanks to you now's my winter in June, IN JUNE, IN
JUUUUUUNE!
