Hey

Owwwww

911

911

911

Call and I will come

911

911

911

Call and I will come

I get a message that you're all alone and going down

I know what you need someone to go around

Someone to hold on to

Until you feed the hunger that leaves you

Shaking underneath the sheets

All ya gotta do is call

911

911

911

Call and I will come

So there you are in your empty bed

But you must take time for a little relief

You try to shut down the voice in your head

The one that's telling you to turn up the heat

Then slowly, so slowly

You try to satisfy, why don't you

Let me help you make it to the other side

Girl why don't you pick the phone

911

911

911

Call and I will come

Someone to hold on to

Until you feed the hunger that leaves you

Shaking underneath the sheets

Baby I can hear you breathing

Yeah - breathing

Just call me

911

911

911

Call and I will come

911 (Yeah)
