

## Baby Time Bomb

Kix

Ooh, she was a ticking time bomb  
Time bomb ready to blow  
All the girls were charmed for so long  
To find out what they didn't know

I took them to the Kasbah  
I took them to my room  
I gave her a lick that made her tick  
She went crash bang boom

Baby time bomb  
Shake shakin' the ground  
Baby time bomb  
I'm going down

I can't wait  
To feel her detonate  
Baby time bomb  
Tick tickin' away

She was the goddess Venus  
Ooh, my baby come to life  
I had the power to dream it  
I said, baby, let it be tonight

Countdown to explosion  
Take me to your wonderland  
Took a walk she was a fireball  
She said a wham bam slam  
Bang bang

Baby time bomb  
Shake, shakin' the ground  
Baby time bomb  
I'm going down

Leave me alone  
In my blasting zone  
With my baby time bomb  
Tick tickin' away
