

# Book To Hypnotize

Kix

I wrote a letter  
Paid for a book  
Try to make love better  
You don't need good looks  
My mailman brought it  
I felt something strange  
I knew I caught it  
You could feel the heat right on the page

It's a book  
It's a potion  
And before I knew I saw that look in her eyes  
That's why I'm glad glad glad glad  
It was the book to hypnotize  
I said I was glad glad glad glad  
It was a book to hypnotize

Last night I tried there was a tune I planned  
She couldn't fight it  
Putty in my hand  
Just look into my eyes now baby  
I'm gonna hypnotize ya baby

It's a book  
It's a potion  
And before I knew I saw that look in her eyes  
That's why I'm glad glad glad glad  
It was the book to hypnotize  
I said I was glad glad glad glad  
It was a book to hypnotize

Yeah  
When I want some more  
I just knock on her door  
Then I see the answer in her eyes

It's a book  
It's a potion  
And before I knew I saw that look in her eyes  
That's why I'm glad glad glad glad  
It was the book to hypnotize  
I said I was glad glad glad glad  
It was a book to hypnotize

Well glad glad glad  
Yeah glad glad glad  
You know I'm glad glad glad  
I said I'm glad glad glad glad  
It was a book to hypnotize
