

## Hot Wire

Kix

I got your hot wire  
I got your magic wand  
I got the hot fire  
To make your piston run

Babe I'm gonna tell ya, what I'm gonna do  
Gonna turn you over, gonna blow a fuse

With the hot wire, hot wire  
Throwin' sparks higher than a shootin' star  
I got your hot wire, hot wire  
Come with me, babe I'm gonna take you too far  
I'm gonna start your car

You keep your fenders clean  
I watch your bumper shine  
You are my sex machine  
I'm your ignition, I'm your voltage line

Babe I'm gonna tell ya, what I'm gonna do  
Gonna turn you over, gonna blow a fuse

If you're caught out in the cold  
Ain't gettin' what you should  
Gonna get your motor movin'  
I'll crawl under your hood

Yeah yeah yeah, make you feel alright  
Yeah yeah yeah, connections tight  
Can ya feel it, gettin' hot?  
Can ya feel it, gettin hot, hot, hot, hot?

Hot wire, hot wire  
Throwin sparks higher than the shootin' star  
I got your hot wire, hot wire  
Come with me, babe I'm gonna take you too  
I'm gonna take you too far

Hot wire, hot wire  
I got your hot wire, hot wire  
I got your hot wire, hot wire  
Come with me, babe I'm gonna take you too far  
I'm gonna start your car  
I got your hot wire
