

# Layin' Rubber

Kix

Yeah - No - Stop - Go  
Yeah - No - Stop - Go  
Yeah - No - Stop - Go  
Yeah yeah  
No no  
Stop stop  
Go go

Run run run the red light  
Got no license for love  
Burn burn burn the headlight  
But we can't see far enough  
Go around and round and round  
Never cross the finish line  
Round and round and round  
I'm tired of wasting my time

Long long way to drive  
The back seats turned to ice  
Give me all you got or none at all

Pinning the needle  
Cruising for midnite thrills  
Stuck in the middle  
We were just spinning our wheels  
Pushin' the pedal  
Listen to the tires squeal  
We were layin' rubber (Layin' rubber)  
Layin' rubber (Layin' rubber)  
Yeah

Walk walk walk the fast lane  
Slow me down to a tease  
Talk talk talk a nice game  
But she never never gives me the keys  
Go around and round and round  
Drivin' me around the block  
Around and round and round  
Ya never hit my favorite spot

Long long way to come  
To get nothing done  
One foot on the break  
One on the gas

Yeah - No - Stop - Go  
Yeah - No - Stop - Go  
Yeah - No - Stop - Go  
Yeah yeah  
No no  
Stop stop  
Go go

One foot on the brake  
Then I rev my love  
Burn burn burn the tires out

Yeah - No - Stop - Go - Yeah - No - Stop
