

# Lie Like A Rug

Kix

First you wanna say yes then you wanna say no  
You're just like the rest, they come and they go  
I know that you're his but you say that you're mine  
Instead of making my love you're making up lies  
You lie like a rug  
You lie lie lie lie lie  
Lie like a rug (She lies - she lies - don't ya deny it)  
I don't need it  
I don't want it  
I've been told, told about you

You lie like a rug (Hey)  
You lie like a rug (Whoo)  
You lie like a rug (Hey)  
You lie like a rug

Treat me like a doormat  
You walk all over me  
Yeah it's your eighty-fourth moment of insincerity  
Lies in the bedroom  
Lie in the tub  
Lie like a rug

You lie lie lie  
Lie like a rug (She lies - She lies -Don't you deny it)  
I don't want it  
I don't need it  
I've been told, told about you.

[Chorus:]  
First you wanna say yes then you wanna say no  
You're just like the rest, they come and they go  
I know that you're his but you say that you're mine  
Instead of making my love you're making up lies  
You lie like a rug  
You lie lie lie lie lie  
Lie like a rug (She lies - she lies - don't ya deny it)  
I don't need it  
I don't want it  
I've been told, told about you

Lie like a rug  
Oh lie lie lie lie lie  
Lie like a rug (She lies - She lies - Don't you deny it)  
Lie - Lie  
Lie - Lie  
Lie - Lie  
Lie - Lie  
Lie - Like a rug

[Chorus]
