

# Rollin'in Honey

Kix

There's a girl I know with a reputation  
One you'll never believe  
She's got all the boys in a regular rotation  
I think I'm number three  
She might be twenty-teen or maybe thirty-five (get out!)  
And her name is Honey  
She's a big time stinger with that queen bee smile  
And I'm a sugar buzz junkie

I've got to talk right, know what to do  
She's got the sticky moves

Oh my baby keep me up all night  
She got me rollin' in honey, rollin' in honey  
Run run baby keep me up all night  
Cuz I'm rollin' in honey, rollin' in honey  
I need a life line, I'm going down  
Ah ha ha ha  
Rollin' in honey

When at night I get her all alone  
I love when she is stingin' me  
Then she drives me to her honeycomb  
I love my little honey bee  
She's walkin', she's talkin', everybody's buzzin'  
I just gotta let them know  
That after all the money and the pleasin' and teasin'  
I'm the new king bee in town (ah ha!)

Fly to paradise with me  
She knows I'll never leave

Oh my baby keep me up all night  
She got me rollin' in honey, rollin' in honey  
Blow me over like dynamite  
Cuz I'm rollin' in honey, rollin' in honey  
I need a life line, I'm going down  
Ah ha ha ha  
Rollin' in honey

Oh my baby keep me up all night  
She got me rollin' in honey, rollin' in honey  
On my knees I can't put up a fight  
Cuz I'm rollin' in honey, rollin' in honey  
I need a life line, I'm gonna drown  
Ah ha ha ha  
Rollin' in honey
