Yes my name is KJ-52, how are you doin' (Welcome, hello everybody)  
Check this out, this little story goes like this. Ah. (Come on dawg)

I was in DC talkin' to Steven who told me Curtis and Chapman they were leavin'  
Zoey and the Girls plus one more last evening driving a Reliant K and they were speedin'  
It was headin Out of Eden the Third Day of the weekend and all excited was Deliriously speaking that they was heading to the Big Tent Revival meeting to hear the good News that the Boys were speaking.  
Now Kirk told Franklin and Mary told Mary "lets hop in the car man, and let's hurry"  
A little bit dirty and the glasses she was rockin' well they was blurry and they kinda just make her look a little nerdy but she's a Superchic so she know she never worry now  
We move quick 'cause we got to just scurry we  
Gotta pick up Jenny and Owens at 8:30 now

Come on right now  
All ya'll right now  
Stand up right now  
Hands up right now  
Come on right now
