

Take Every Part Of Me

KJ-52

Woah oh take every part of me
Woah oh cause you got everything I need

Now Lord I aint gotta whole lot to give
But what I have it's all yours in every single bit
Cuz you're the source of my peace the reason that I live
You're what I'm living for and what I mean to say is this
Take my life right down to every little thing
It aint much but right in now every thing I bring
I give it all to you cuz I've found just when I think
About all you do I'll follow you in everything
I call on you man you always do just what you said
You make me new and take me through to a place of rest
And when these stressed out thoughts be running through my head

You just remind me how far I've come and where I been
And as I thinking about every single thing you did
And looking back upon where I was when I's a kid
All I can say is take every thing I gots to give
It's all yours Lord and all I say is this

Now Lord I've held back in my past
Held onto certain things I didn't want you to have
Tried to do it my own way and then watched it crash
Tried to make it through my day but never tried to ask
Where I'm supposed to go what I'm supposed to do
But yet you still right there just to bring me through
But now I've figured out exactly what I'm gonna do
This time around I won't hold a thing back from you
From big to small I put it all now in your hands
Cause when I fall you pick me up time and time again
You dust me off and tell me just to try again
I know everything you got purpose and a plan
So what I bring to you it's everything that I've had
I want to give to you everything that I can
I want to live for you cuz I finally understand
All I need to do is finally give you everything
