

Juicy Luicy

Klaatu

My Juicy Luicy, you're so exciting
Eyes of blue and hair of lightning
You jet around in your chrome-atomic platform shoes
I'm so in love with you
My Juicy Luicy
My Juicy Luicy
You spend your evenings with Alexander
That fire-breathing salamander
Who sings the blues and plays electric guitar too
Luicy kissed me and she said "Can't you?"
I said no but I was willing to

Love you with all my might
Though a million nights
Wouldn't be enough it's true
'Cause Juicy Luicy I'm so in love with you
It's the way you rock and roll
You're too too much
You're too too much
You're too too much
My Juicy Luicy

Oh
Luicy kissed me and she said "Can't you?"
I said no but I was willing to
Love you with all my might
Though a million nights
Wouldn't be enough it's true
'Cause Juicy Luicy I'm so in love with you
Won't you let me get my boots on too
And we'll sail across the sky so blue

Look out sky, here we come

My Juicy Luicy
My Juicy Luicy
My Juicy Luicy
'Cause I'm so in love with you
