

Gravity's Rainbow

Klaxons

Come on with me through ruined liplock
Accross Tangian deserts we'll flock
Madcap Medusa flank my foghorn
We'll change four seasons with our first born.

All ships of sense on hyper ocean
All kinds of chaos still in motion
My culture vulture such a dab hand
I'll steal you from the year 4000

Come with me, come with me
We'll travel to infinity
Come with me, come with me
We'll travel to infinity
I'll always be there
Uh-oh my future love
I'll always be there
For you, my future love

Your tears leave trails of Tick fall blur room
Autonoma the room is bloom groom
Those crippled lines that I can't get to
Could steer through time but i won't let you

Come with me, come with me
We'll travel to infinity
Come with me, come with me
We'll travel to infinity
I'll always be there
Uh-oh my future love
I'll always be there
For you, my future love

Come with me, come with me
We'll travel to infinity
Come with me, come with me
We'll travel to infinity
I'll always be there
Uh-oh my future love
I'll always be there
For you, my future love

Come with me, come with me
We'll travel to infinity
Come with me, come with me
We'll travel to infinity
I'll always be there
Uh-oh my future love
I'll always be there
For you, my future love

Come with me, come with me
We'll travel to infinity
Come with me, come with me
We'll travel to infinity
I'll always be there
Uh-oh my future love

I'll always be there
For you, my future love
