Gravity's Rainbow

Come on with me through ruined liplock Accross Tangian deserts we'll flock Madcap Medusa flank my foghorn We'll change four seasons with our first born.

All ships of sense on hyper ocean All kinds of chaos still in motion My culture vulture such a dab hand I'll steal you from the year 4000

Come with me, come with me We'll travel to infinity Come with me, come with me We'll travel to infinity I'll always be there Uh-oh my future love I'll always be there For you, my future love

Your tears leave trails of Tick fall blur room Autonoma the room is bloom groom Those crippled lines that I can't get to Could steer through time but i won't let you
