Klimt 1918

take what you want from this lonely night with a gentle and demanding mouth.
Between a smile and a tear

"dne eht ot su gnirb ot seirt yaw yklim eht ;seiks yrrats rednu ,esolc uoy dloh I." (I hold you close, under starry skies; the milky way tries to bring us to the end)

I'm only living to sing this song.
I'll be still and say no more.
I don't need to hear you explain

".seil ruo rof yrc

ll 'ew ,esimorp a ekam ew ;thgilnus rof

gnitiaw ,thgin eht thguorht gnitsaL .uoy si tnaw I lla ,wols gn
inrub ma I .evol rof evil tsuj I .emit on si ereht esuac"

(cause there is no time. I just live for love. I am burning
slow, all I want is you. Lasting through the night, waiting
for sunlight; we make a promise, we'll

cry for our lies.)
