

I don't mind just what you say  
I never heard you babe anyway  
I don't care what you do  
Just so long it ain't me and you

Heyheyhey

Everything's good and everything's fine  
You don't know it's the end of time  
How does it feel to turned away  
I've known it baby, I almost every day

Heyheyhey  
Sly like a demon's eye  
Heyheyhey  
Sly like a demon's eye

Oh no  
Oh no  
Oh no  
Oh no

I don't want you babe  
I don't need you babe  
Hanging 'round my door  
You slip and slide 'round my brain  
You think you're so clever but you know you're insane

Sly like a demon's eye  
Sly like a demon's eye

So good

Like a demon's eye

Everything's good and everything's fine  
You don't know it's the end of time  
How does it feel to turned away  
I've known it baby, I almost every day

So

Sly like a demon's eye  
Heyheyhey  
Sly like a demon's eye  
Sly like a demon's eye

So good  
So  
So good  
Sly like a demon's eye
