Mysterious Ways

Ha, ha, ha, ha! Even better than the real thing! Johnny, take a walk with your sister the moon Let her pale light in to fill up your room You've been living underground Eating from a can You've been running away From what you don't understand She's slippery You're sliding down She'll be there when you hit the ground It's all right, it's all right, it's all right She moves in mysterious ways It's all right, it's all right, it's all right She moves in mysterious ways Johnny, take a dive with your sister in the rain Let her talk about the things you can't explain To touch is to heal To hurt is to steal If you want to kiss the sky Better learn how to kneel (On your knees, boy) She's the wave She turns the tide She sees the man inside the child It's all right, it's all right, it's all right She moves in mysterious ways It's all right, it's all right, it's all right She moves in mysterious ways It's all right, it's all right, it's all right Lift my days, light up my nights One day you will look back And you'll see where You were held, how By this love while You could stand there You could move on this moment Follow this feeling It's all right, it's all right, it's all right She moves in mysterious ways It's all right, it's all right, it's all right She moves in mysterious ways It's all right, it's all right, it's all right We move through miracle days

Spirit moves in mysterious ways She moves with it She moves with it Lift my days, light up my nights
