

# Our Time Will Come

KMFDM

Blinded by darkness  
Choking on air  
Invisible cruel touch  
Haunted by the ghost of god  
Decayed mirage  
Written in the stars  
Damn wo defy you all who deny you

Whisper in a new born's ear  
All is not as it appears  
Our time will come  
Numb the burning in my head  
Kiss alive to breathe again  
Our time will come

Rising up from the ashes  
Destiny or madness  
Push harder and faster  
Nor or after  
Our time will come

Bloom of the rose  
Fading to black  
You can't kill what won't die  
Eat yourself alive
