

# Piggybank

KMFDM

Hopelessly retarded  
Spluttering decay  
Crying out the lament every night and every day

Hiding in the twilight  
X-Ray shades  
Suffering from constipation  
Tripping out of space

I've been recoiled into stone age  
Covetous a dream  
Obnoxious and depraved  
Waking up in a scream

Sleeping in the morgue  
A weird effect on me  
Think I lost my consciousness  
Left reality

My inner circles' Helter-Skelter  
Echoes loving ecstasy  
I know I'll find a way to live  
A way for you and me

Totally addicted  
Under detrimental spell  
If I had a shotgun  
I'd blow myself to hell

Let me be your piggybank  
For nothing but your smell  
And if I had a shotgun  
I'd blow myself to hell

Squalid and deranged  
I'm the outlaw of the kin  
We'll never be the same again  
Stuck in deadly sin

I slouch along the street  
Instead of struttin' down the block  
I still did not recover  
From that stunnin' cold shock

My inner circles' Helter-Skelter  
Echoes loving ecstasy  
I know I'll find a way to live  
A way for you and me

Totally addicted  
Under detrimental spell  
If I had a shotgun  
I'd blow myself to hell

Let me be your piggybank  
For nothing but your smell  
And if I had a shotgun

I'd blow myself to hell

Let me be your piggybank  
Let me be your piggybank

Away from phony people  
Besides the way of life  
I won't be blamed for lovin' you  
I'll take you be my wife

My inner circles' Helter-Skelter  
Echoes loving ecstasy  
I know I'll find a way to live  
A way for you and me

Totally addicted  
Under detrimental spell  
If I had a shotgun  
I'd blow myself to hell

Let me be your piggybank  
For nothing but your smell  
And if I had a shotgun  
I'd blow myself to hell

Let me be your piggybank  
Let me be your piggybank

Let me be your piggybank  
Let me be your piggybank

Let me be your piggybank  
Let me be your piggybank

Let me be your piggybank  
Let me be your piggybank
