Spiritual House

Re-shape your body against the brain In a spiritual house tune in today Dance after dark In a spiritual house Death by sweetheart In a spiritual house

We only have a silent voice In a spiritual house Emotions and no reasons In a spiritual house

Are you gonna hate your brother?

Much like we're the bunny rabbits Much like we're bunny rabbits In a spiritual house

Beyond success and failure Watch your t.v. all night Watch your t.v. all night In a spiritual house

The more tears you shed In a spiritual house Being boring Being boring Spiritual house In a spiritual house

Are you gonna hate your brother?

Much like we're the bunny rabbits Much like we're the bunny rabbits In a spiritual house

Are you gonna hate your brother?

Are you gonna hate your brother?

In a spiritual house Spiritual house In a spiritual house

Much like we're the rabbits Much like we're the rabbits In a spiritual house Spiritual house
