

Fire Hive (Krewella Fuck On Me Remix)

Knife Party

Red hot devil looking for some drama's gonna take the hold of me
He wants trouble in the late night hours 'cause I doubt my heart is real
You whisper in the bathtub, get me in the sweet spot, we' gon' do the knock knock
Now you got me in a head lock, come on make the bed rock, this won't be a long shot
We' gon' burn holes in the layers of our clothes get me naked I am yours for the taken, ah!
Baby go in, pull my hair 'n just skins what I'm wearing, lets sin, do you dare it, ah ah!
It's about to go down, we go have a show down, I'll give you the rundown, wra-ah-ah!
Handle me with friction, take me with conviction, make me your addiction, wra-ah-ah!

Wra-ah-ah-ah-ah-ah

Touch me, later when the friction turns to fire, gonna melt right to your feet
Good born pleasure, baby spark me like a wire, gonna burn from all this heat
We' gon' burn holes in the layers of our clothes get me naked I am yours for the taken, ah!
Baby go in, pull my hair 'n just skins what I'm wearing, lets sin, do you dare it, ah ah!
It's about to go down, we go have a show down, I'll give you the rundown, wra-ah-ah!
Handle me with friction, take me with conviction, make me your addiction, wra-ah-ah!
Wra-ah-aooouh!

Wra-ah-ah-ah-ah-ah

YOU GONNA FUCK ON ME!?!?!
