

## Flight Of Molech

### Knights Of The Abyss

Under these blackened skies clothed in robes speaking  
ancient cries in the  
grove of satanic chants a new world order is in the mists  
prestigious men write  
up its numbers for the masses of endless blunders  
beholders of the so called  
light are plotting apocalyptically in the night gathering  
annually their  
numbers amplify advancing an order that will destroy our  
kind faces of power  
faces of rulers faces of leaders that are plotting  
control expose thine enemy  
secretive bilderberg expose thine enemy satanic bohemian  
grove expose thine  
enemy thieves of the federal reserve destroy them all may  
divine justice be  
served
