

## Forever One

### Kobra and the Lotus

Crowning the Kobra and Turning the Page  
This is deliverance day  
Kneeling before us defending the faith  
We are the keepers of strength

Rise up  
Breaking the Silence  
Rise Up  
Unleashing the Pain

Bearing the burden for liberty rising  
The coming of age

We are Forever One

Bring me the masters of reality  
Courage that enemies fear  
Merciless Soldiers, we're paving the way  
Giving our blood, sweat and tears

Rise Up  
Bringer of justice  
Rise Up  
Slayer of fame

Crushing the ego  
Destroying the self  
We are but one and the same

We are Forever One

Can you all feel it now  
Our future is growing  
A universal voice  
We'll be forever one  
Forever one
